

Sunderland's Farming Heritage (1718—present)

Enjoy the fruits of Sunderland's farms throughout the year because our town's rich agricultural tradition continues to this day. Sunderland has some of the most fertile farmland in the nation, with over 1,000 acres in the Agricultural Preservation Restriction (APR) program and approximately 675 acres is Chapter 61A & 61F. These programs help preserve farmland and ensure a local source for a wide range of fruits, vegetables, livestock and other products.
