Troubleshooting Tips:

- You do not need to create an account to join a meeting.
- If you are trying to connect from a computer & can't hear sound, please check the volume settings on your computer & ensure your speakers are turned on. If you still cannot hear sound, try dialing in for audio.
- Please mute yourself unless you are speaking to reduce feedback and eliminate background noise. Dial-in callers can use *6 to mute or unmute themselves.
- If you have trouble joining the meeting, please try connecting with a different method. If you are still can't join the meeting, email townadmin@townofsunderland.us and we will do our best to get back to you during the meeting.
