

Sunderland Recreation Youth Sports Programs

Philosophy

In all of the recreational programs offered by the Sunderland Recreation Committee, we strive to provide a healthy, educational and fun experience for all participants. Please join the Recreation Committee and our program coaches and officials in our efforts to achieve the following goals:

- ❖ To promote healthy, physical and safe activities for all players at all times;
- ❖ To teach good, fundamental skills and the rules of each game to all players regardless of ability;
- ❖ To promote a sense of fair play and good sportsmanship at all times, whether winning or losing;
- ❖ To provide a positive experience of what it means to be a member of a team;
- ❖ To provide each player with the opportunity to develop and to improve his or her individual skills at their level of ability throughout the course of the season;
- ❖ To ensure that each player receives equal opportunities to learn and to play at his or her ability level.

At all times, officers, members, coaches and officials of the Sunderland Recreation Committee will place the physical and emotional well-being of the players ahead of any personal desire to win.

The Sunderland Recreation Committee ascribes to both the Coaches Code of Ethics and the Parents Code of Ethics as promoted by the National Youth Sports Coaches Association. The Sunderland Recreation Committee also ascribes to the Frontier Youth Recreation Program's Code of Conduct for Coaches, Players and Parents and has adopted a Zero Tolerance Policy in this regard (copies of these policies are available upon request)
